

Assalamualaikum Everyone,

We are pleased to announce that the **Advance Against Salary** feature is now available in the **Betopia ERP** for all eligible permanent employees across Betopia Group and its subsidiaries.

Through this feature, eligible employees will be able to:

- Apply for salary advances directly from the ERP.
- View their available advance eligibility, calculated automatically based on their earned salary.
- Submit advance requests between the **15th and 25th** of each month.
- Track the approval status of their applications.
- Receive approved advances upon completion of the approval process.

The approval workflow will be managed through the ERP and requires approval from:

- Employee's Line Manager
- Finance Department

Approved advances will be processed in accordance with the Company's policy. A **2% service charge** will be applied to the approved advance amount, and the total recoverable amount will be deducted automatically from the employee's next payroll.

If you encounter any issues while accessing or using this feature, please contact the **ERP & MIS Department** for assistance.

Thank you.
